

Agriculture in the Village of Corrales

CORRALES DITCHES ARE DRY

The water level in the Rio Grande has reached a low stage and the siphon that takes water from the river and directs it into the Corrales Acequias for flood irrigation distribution is unable to draw any water in. We need rain to water Corrales' crops.

It's the most wonderful time of the year!!!

Tomatoes are ripening

Wine Grapes are being harvested and

Green chile is roasting!

Agriculture has long been a tradition in the Village of Corrales. Traveling the Village, one finds many vineyards, corn and chile fields, and more. You can find prepared locally grown food as

well as local wine vintages from grapes grown in Corrales. Corrales also has locally brewed beer and locally roasted coffee. Support and enjoy the local flavors of Corrales.
