

## VILLAGE OF CORRALES

### RESOLUTION NO. 09-009

**A RESOLUTION RECOGNIZING THAT 1 CONEXION COMMUNICATIONS IS UNIQUELY SITUATED AND CAPABLE OF PROVIDING SERVICES TO THE VILLAGE OF CORRALES FOR THE MAINTENANCE OF THE VILLAGE'S COMPUTER NETWORK SYSTEM; RECOGNIZING 1 CONEXION COMMUNICATIONS AS A QUALIFIED SOLE-SOURCE PROVIDER IN ACCORDANCE WITH THE NEW MEXICO PROCUREMENT CODE AND THE VILLAGE'S PROCUREMENT REGULATIONS; AND APPROVING AN AGREEMENT WITH 1 CONEXION COMMUNICATIONS TO PROVIDE COMPUTER NETWORK MAINTENANCE SERVICES TO THE VILLAGE.**

**WHEREAS**, in June 2008 the Village of Corrales (the "Village") entered into an agreement with 1 Conexion Communications (hereinafter, "Contractor") to provide replacement of network cables and related services in connection with modification and improvement of the Village's telephone and computer network systems, the Contractor being selected through a competitive sealed proposals process conducted in accordance with the New Mexico Procurement Code, Sections 13-1-21 through 13-1-199, NMSA 1978, and in particular Sections 13-1-111 through 13-1-118, NMSA 1978, and pursuant to Section 7 of the Village's Procurement Regulations adopted April 27, 1999; and

**WHEREAS**, simultaneously with Contractor's performance of its work pursuant to the agreement it became apparent that additional significant improvements and modifications to the Village's computer network system were necessary and needed to be performed immediately on an emergency basis so as to avoid a significant disruption in Village services; and

**WHEREAS**, Contractor was authorized to provide such improvements and modifications to the Village's computer network system pursuant to the emergency and sole source provisions contained in Section 16 of the Village's Procurement Regulations, and consistent with Sections 13-1-126 through 13-1-128, NMSA 1978; and

**WHEREAS**, Contractor completed both Contractor's original scope of work and the additional work authorized as an emergency procurement in a competent, professional, and timely manner; and

**WHEREAS**, the Village Council finds that in order to provide continued maintenance and ensure continued reliability of the Village's computer network system it is necessary and appropriate for the Village to enter into a service agreement with a qualified provider for the provision of such long-term maintenance services; and

**WHEREAS**, the Village Council determines that as a consequence of Contractor's previous work for the Village pursuant to the original procurement and the subsequent emergency procurement authorizing additional work on the Village's computer network system by Contractor, and Contractor's specific and detailed knowledge of the Village's telephone and computer network needs as a consequence thereof, the Contractor is uniquely capable of providing the continued maintenance services required by the Village in an efficient and cost-effective manner, and Contractor therefore qualifies as a sole source provider for such services pursuant to Section 16.1 of the Village's Procurement Regulations and Section 13-1-126, NMSA 1978.

**NOW, THEREFORE, BE IT RESOLVED** by the Village Council, the governing body of the Village, that:

1. The Village should enter into an agreement with 1 Conexion Communications, as sole-source provider, for the provision of maintenance services related to the Village's computer network system.

2. The Village administration is hereby directed and authorized to enter into such an agreement, with a term not to extend beyond February 28, 2013, substantially in the form of the proposed agreement presented to the governing body contemporaneously with the adoption of this Resolution.

**PASSED, APPROVED AND ADOPTED** by the Governing Body of the Village of Corrales, New Mexico, this 10th day of February, 2009.

APPROVED:

  
\_\_\_\_\_  
The Honorable Philip Gasteyer  
Mayor
