ELECTION DAY VOTING
March 3, 2020
7:00 a.m. to 7:00 p.m.
Corrales Recreation Center
500 Jones Road

VILLAGE OF CORRALES
MUNICIPAL ELECTION
BOND QUESTIONS
2020
The March 3, 2020 ballot will include two bond questions. One question will be for a Street Bond and one will be for a Parks and Recreation Bond.

All Corrales registered voters are eligible to vote on the bond questions.

**BOND QUESTION INFORMATION**

**STREET BOND**

The 2020 Street Bond if approved will go toward funding the maintenance, reconstruction, rehabilitation and improvement of over 60 miles of municipal streets and roadways. Continued investment will increase the safety and longevity of our streets and roadways.

**VILLAGE OF CORRALES’ ROAD NEEDS**

Corrales has over 60 miles of roads paved and unpaved that require regular maintenance and rehabilitation. This need exceeds the recurring resources currently available to our municipality.

**PARKS AND RECREATION BOND**

The 2020 Parks and Recreation Bond is for the construction and furnishing of a new multi-use, multigenerational community recreation center as well as the renovation and refurbishing of current facilities. Our existing gymnasium is too small and limits the possible activities. With the basketball court being nearly to the wall perimeter, there is no room for spectators, or for more than one activity at a time. In addition, no athletic or event storage within the building creates limits to our current programs. If approved, a new community recreation center can be constructed as well as improvements to other recreational facilities, open spaces, bikeways and trails can be made.

**VILLAGE OF CORRALES’ RECREATION**

Our current facility was built in 1998 and is not adequately meeting the current needs of the Village. As the Village continues to grow, our facilities need to grow in order to accommodate the things you find important.

We have several groups that are having to share the same space. Our youth basketball program is at capacity, all because we simply do not have the space to accommodate more. If approved, these much-needed infrastructure improvements mean that all of our programs can continue to grow as well as create opportunities for new programs. We can offer more community opportunities such as bingo nights, movie nights, social gatherings and much more.

We are lucky to live in a strong, active community that enjoys coming together. A new, improved community recreation center would further strengthen this community. With large demand for exercise programs and sports for children, our vision to improve current facilities and create new facilities helps to furnish those needs and increase the quality of life in Corrales.

Property owners in the Village experienced a reduction in the property tax rate for municipal debt (.327) for the 2019 tax year because $2.5 million in bonds for open space were not sold. If both bond questions are rejected by the voters, the 2020 property tax rate for municipal debt will remain at approximately the same level as the 2019 tax year. If both bond questions are approved by the voters, the 2020 property tax rate for municipal debt (2.396) will be approximately equal to the 2018 tax year.
